Texas and University of Texas re-open?

- We anticipate **MULTIPLE** second/third waves but spread out and on varied time lines though out the state
- UT requires employees to wear their own masks at all times
- UT anticipates needing 500 COVID-19 tests/week

TTAP re-open...YES!

- ▶ [DRAFT Plan](#) (link expires 6/30/2020)
- ▶ Yes to Loan Library- *if* we can keep getting PPE
 - ▶ June 1-15: moving through 40+ backlog
 - ▶ June 15: back in business
 - ▶ We always ship Fed Ex both ways; very few come to our building
 - ▶ Repurposed a storage room
 - ▶ Sourcing PPE and sanitizing materials- University Buy Board
 - ▶ UV- jury is still out
 - research sketchy and a moving target (COVID-19 on surfaces and UV efficiency)
 - expensive to get one big enough
 - wand has some risks
 - [Build your own ~\\$50](https://makezine.com/projects/build-a-diy-uv-c-sterilization-cabinet-to-fight-covid-19/) (https://makezine.com/projects/build-a-diy-uv-c-sterilization-cabinet-to-fight-covid-19/)

TTAP re-open...YES! (continued)

- ▶ Demos
 - ▶ Remote only
 - ▶ Demos Centers are just sending their remote demos to me 😊
 - ▶ Centers are all over the board on entering the green zone
 - ▶ Protocol for in-person Demos starting
 - ▶ We are providing a “starter set” of PPE
- ▶ Everything else- virtual but still happening
 - ▶ Only virtual training, presentations, outreach, etc.
 - ▶ No travel is being approved
- ▶ Silver lining- connecting with new stakeholders
